

## **Extra credit opportunities for Science**

1. Outdoor Work Days – Students can receive 5 points for each hour worked at the school’s scheduled outdoor work days. (Maximum 15 points). See school calendar for dates.
2. Scientific Explanations – Students can complete any of the scientific explanations for any section in the book (not including ones that we have already done in class). Must include written or stated clearly in video - claim, evidence, and reasoning statements. (Maximum 10 points)
3. Virtual Labs or STEM starter projects – Students can complete any virtual labs or STEM starter project through the Discovery techbook that we do not complete in class. Labs must include any chart or graph and analysis questions. (Maximum 15 points)

The maximum amount of extra credit in a 9 week grading period that will be given is 15 points. Extra credit must be turned in one week before the end of each grading period. Ask you teacher for specific dates.
